Dear Nigel,

I wanted to drop you a line to say a MASSIVE thank you for helping out with our recent programme in Chesterfield. It is no understatement to say that without the generosity of people like you and companies like yours we really couldn't have done the job. You were a real pleasure to work and we really can't thank-you enough. Please can you also thank all the members of your team that helped us out both before and during the build.

Your good will and generosity has helped a truly deserving family out of a very difficult period in their lives and we are truly grateful.

The family are absolutely delighted with their new home. Living in a house that is safe and warm will dramatically change their lives and the part you played in the transformation was integral to its success.

We will be in touch as soon as we hear what date this episode will be broadcast but in the meantime on behalf of the entire DIY SOS team, thank you.

With all the very best wishes,

A handwritten signature in cursive script, appearing to read 'Jenny Davies'.
